The FBU is the multitude of all human beings of good will, known or unknown, of whatever race or religion, in every corner of the world, who aspires to spiritual unity by linking themselves consciously, deliberately and of their own free will, to what is known as the White Lodge. *\*The word "Blanche" in the name Fraternite Blanche Universelle refers in no way to skin-color or race. Just as white is the synthesis of all colors; the Fraternite Blanche Universelle concerns ALL human beings without exception.* It is an invitation to realize throughout the world a fraternal, harmonious human community that respects every race, religion and nationality. If you are interested in becoming a member of Fraternite Blanche Universelle, please fill out this application front and back and send it with your check payable to: Fraternite Blanche Universelle Inc.
